

Dear Students,

We are pleased to inform you that the Meinor Foundation, focusing on education, healthcare, and humanitarian aid on a global scale, offers the opportunity to undertake three-month remote internships for ambitious students. These internships are unpaid. During the internship, you will have the chance to express your creativity and develop your potential by tackling interesting tasks and developing innovative ideas that contribute to positive changes in our areas of operation.

We provide full support, fostering a friendly atmosphere where every intern becomes part of a vibrant and inspiring community. You can work from any location, maintaining flexibility and accessibility.

The main duties will include:

- Regularly deliver high-quality articles of global significance.
- Ensure grammatical, stylistic, and punctuation correctness of texts.
- Verify the consistency and substantive quality of content.
- Maintain the highest publication standards.

We require a good command of the English language and skills in writing and editing texts. As a participant, your articles will be published on our website and may be used in research projects.

Additionally, we organize inspiring online meetings once a week to discuss progress, share ideas, and provide support.

If you are interested in this unique experience, please send your CV and cover letter to contact@meinor.org. We will gladly answer any questions and provide details regarding the internships.

Thank you for considering our proposal. We look forward to receiving your applications and hope for a fruitful collaboration.

Sincerely,

The Meinor Foundation Team
